Lumisca

A SummerHacks By YCW Submission

@edqe14

A question before we start...

Have you ever...

Demotivated, got bored, or sidetracked while on your study session?

Cooperative Learning is more **Effective**

A research states that studying together is more effective compared to individual learning.

Thus, to gain a better academic performance faster and better is to study together with a peer or a small study group.

Hsiung, C.-m. (2012), The Effectiveness of Cooperative Learning. Journal of Engineering Education, 101: 119-137. https://doi.org/10.1002/j.2168-9830.2012.tb00044.x

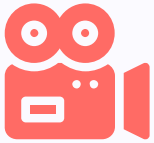
Introducing...

Lumisca

Empowering Collaborative Study, One Session at a Time.

What’s in Lumisca?

AI-generated Roadmaps



Real-time Voice & Video Calling

Shared Pomodoro Timer

Why Lumisca?

Made for you,
the Learner

Study together

Stay motivated
& accountable

Our goals

Provide a comprehensive platform

A platform that could be shared to have a same learning experience with peers.

Promote motivation and accountability

Being motivated and accountable when you're studying, will have better effect for your learning growth

Does it work?

Research says it does.

Research states: learning collaboratively is 34% more efficient, compared to learning individually.
